Here are some of the activities going on this week both in class and throughout the school that you could discuss at the dinner table, in the car, or anytime with your child. As always, please contact me with any questions/issues.

Dear Parent/Guardian,

Progress Reports were sent home Friday & I hope you saw it. Last week in science class, the students gave their cell phone presentations, which they seemed to enjoy researching & learning about. I will be posting their grades in Powerschool early this week. We are in now in week 3 of 4 of preparing the students for middle school & rotating classes. I like to call this math week due to the TWO math assessments they will be taking. They will also be voting on a student

Finally, as you know there is a pending educator walk-out this Thurs & Fri. We should all be receiving another letter from the SUSD district & Dr. Valenzuela Monday. It should explain everything & help you plan accordingly. However, if you have any questions, please contact me.
